Rancho Los Baños Adventure Guest Ranch

Basic Information:

Rancho Los Baños is a 30,000 acre adventure guest ranch and nature travel destination, a genuine Mexican cattle ranch and wilderness preserve located a mere 55 miles south from the southeast Arizona town of Douglas.

While we are located in safe, secure northeast Sonora, Mexico, we are so close to southeast Arizona that we would like you to consider our ranch for a possible stay. Our offices are based in Tucson.

Through our shuttle service, we personally escort and drive you from Tucson to the ranch and back, leaving the driving to us and the sightseeing to you.

We are a new generation guest ranch catering to new generation adventure travelers seeking a fun, thrilling and active holiday.

We are a unique, original, exotic, exclusive and genuine guest ranch, unlike anything else around. Our adventures are thrilling, challenging, educational, fun-filled and environmentally-friendly.

Offering stunning landscapes, scenery and wilderness, with spectacular adventures such as hikes through amazing box canyons in our Canyonlands, backcountry horseback riding through some of the most scenic, otherworldly, exotic and unspoiled land you will ever see, excellent birding and wildlife spotting, kayaking on Lake Angostura, Dark Skies stargazing, incredible geological rock formations/canyons, 2,000 year old dwelling and pictograph sites, diverse plant and animal life, 4x4 jeeping and ecotours, mountain biking, and, of course, amazing rest and relaxation in complete peace, serenity, remoteness and tranquility.

With so many diverse habitats, encompassing lake, river, mountain, high desert, box canyon and riparian ecosystems, avid nature lovers are sure to enjoy their stay. While here, you will escape the wired world and enter the natural world.

Combined with great lodge rooms and cabin accommodations and service, Mexican hospitality and food that is second to none, close proximity to the United States, staying in pristine and isolated land, and a natural scenery that is spectacular to see, Rancho Los Baños is sure to make your stay an exciting, fun-filled, relaxing and memorable one.

Riding Experience:

 At the ranch, besides our many scenic nature trails, you can also ride to numerous historical attractions. Our guests visit a 17th century abandoned Jesuit gold mine [at 6,000 feet of elevation with views that go for miles], by the name of San Jose, where many Native American slaves perished. Deep inside a scrub oak, canopy-filled canyon at the foot of 7,500 ft El Pinito Mountain, guests also visit the remains of a 19th century bandit hiding camp where both American and Mexican outlaws went to lay low. After all, the Wild West did not end at the border. You can also ride to 2,000 year old pre-Colombian dwellings full of pictographs, deep inside El Cajon Canyon, or visit a 20 mile long lake, and its dam, built during the Great Depression by the architects and engineers that also built Hoover Dam [the dam is a smaller replica of Hoover]. You can visit the ruins of an early 20th century homestead, with a genuine Model T Ford skeleton gathering rust.

At Cat Claw Cliffs, you will ride up to the top, with spectacular 360 degree views. These cliffs and its canyons, the story goes, hold the lost gold of an outlaw on the run, stashing his treasure after robbing a stagecoach. If that is not enough, you can ride to magnificent views of famous El Tigre, a nearby Sierra Madre mountain that acted as Geronimo's [famous Apache chief] Last Stronghold. Indeed, to ride at the ranch is to ride in what was once prime Apache country, where the fierce warriors once

rode, camped and lived. At the ranch, after all, you are riding, breathing and living through history. Besides riding through history, you will also ride through a diversity seldom seen at a guest ranch. You will explore pristine wilderness and diverse habitats and have chance encounters with our wildlife, including mountain lion. Guests ride to our high country, passing through vertical sierras, to locations such as Los Toros, "The Bulls," a mountainous region so remote and secluded few humans have ever seen. Indeed, so remote is this region, that ferrel cattle roam its mountains, seldom, if ever, having seen a single human being.

You will also ride to "El Sordo," "The Deaf Man," high country so named for the incredible, omnipresent silence and quietness one encounters when there. Down in our Canyonlands, you will ride through stunning, wet, box canyons full of life, with cliff walls hundreds of feet high. You will ride through rock formations, formed over eons, that are beautiful manifestations of nature as it artistically carves its way through time. Throughout the ranch, you will explore habitats that are varied, diverse and exotic. You will see regions full of desert palm trees, organ pipe cacti, ocotillo forests, sycamore canopies and much more. You will ride through hills covered in knee-high, golden-colored grass, and see a vast collection of high country vegetation. With a riding elevation between 3,200 to 6,000 feet, your entire conception of what a desert is will be radically altered.

Stagecoach Trails Guest Ranch

Basic Information:

Situated in one of the most beautiful areas of northwestern Arizona, we offer 2 horseback rides for each full day you are at the ranch (no riding on Sundays). Our riding program is exceptional, as we cater all of rides to our guests' abilities. And yes, you can ride the afternoon of your arrival and the morning of your departure! Our wranglers are friendly, knowledgeable and are careful to match horses to riders. Our well-trained horses are trail safe and excellent for all riders. We even have some gaited ones for a really smooth ride! We offer a variety of rides, including slow walking, intermediate trotting and fast, loping rides. We also offer challenging mountain rides (seasonal). Take our popular "Saguaro Cactus" ride where the views are spectacular at the top. Be sure to bring your camera! Or choose our ½ day rides into the Mohave Mountains (October 15-May 1 only) where you will enjoy breathtaking views, authentic Indian petroglyphs and a 60 ft saguaro (Must stay for 4 nights or more to go on these types of rides). Our outdoor swimming pool (heated seasonally) is always a favorite, especially during the hotter summer months. Our hot tub is enjoyed all year long by everyone, especially those wanting to "ease their saddle sores". Located just 45 minutes from the ranch is Lake Havasu City, where guests can enjoy the Historic London Bridge as well as numerous water sport activities, including jet skis, powerboats, pontoon boats, canoes and kayaks. The famous Grand Canyon is a favorite place for our guests to visit. The west rim (which boasts the widest point of the canyon) is only 2 ½ hours away and the more popular south rim is 3 ½ hours from the ranch. At the west rim, whitewater rafting and spectacular scenic floats can be arranged on the Colorado River as well as helicopter rides into the canyon. The Hualapai Mountains are only an hour's drive where you can enjoy beautiful pine trees and elk roaming the mountains. (A big change from the desert scenery at the ranch!) There is something for everyone here, whether it is on or off the ranch. You can relax, read a book, or enjoy the many activities offered at Stagecoach Trails. Do a lot, do nothing. We leave that up to you, because after all this is your vacation. In the hotter summer months, our riding times are altered to avoid the heat of the day. We do not offer 1/2 day or all day rides during the summer.
